FOR IMMEDIATE RELEASE

Minister Phillips Joins Alberta Student Energy Summit at TELUS Spark

CALGARY, ALBERTA - The 2016 Alberta Student Energy Summit is a first of its kind collaboration by Student Energy Chapters from the University of Alberta, University of Calgary, and Mount Royal University. This interactive summit will bring together students from around the province to explore key issues facing our energy system, and give students the chance to learn from the province's top energy leaders in government, industry, and non-profits.

The Honourable **Shannon Phillips**, Alberta Minister of the Environment, will speak at **2:00pm on Saturday April 9th**, directly after she will participate in the panel discussion entitled "A System in Transition."

What: The Alberta Student Energy Summit is an interactive one-day conference designed for students by students, produced in partnership with Student Energy (studentenergy.org) and TELUS Spark (sparkscience.ca) Full details and agenda at: <http://bit.ly/studentenergysummit>

When: 10:00-6:00 pm Saturday, April 9. Minister Phillips will speak from 2:00-2:15pm and participate in a panel from 2:15-3:15pm.

Where: TELUS Spark
220 St Georges Dr NE,
Calgary, AB T2E 5T2

Who: Headline speaker: Shannon Phillips, Alberta Minister of Environment. Full list of speakers available [here](#). Delegates will be university students from across the province of Alberta. The event was organized by Student Energy Chapter Members from the University of Calgary, Mount Royal University, and the University of Alberta.

Interview Opportunities: Minister Phillips will be available for interviews from 3:15pm to 3:30pm, after the panel discussion. Interviews will be available with Student Energy and TELUS Spark at that time as well.

Why: The goal of this event is to educate students on energy through energy debates and interactive sessions. The event is designed so students can inspire their peers to become involved in solutions for Alberta's energy sector and the energy system transition.
